## Out of Hours District Nursing Service

The Out of Hours District Nursing service provides a high quality nursing service to adult patients across 260 square miles, covering the areas of Plymouth, South Hams and West Devon, who are temporarily or permanently housebound within their own home or a care setting without nursing provisions.

The Out of Hours District Nursing service is a Community Nursing Team made up of Registered and Unregistered staff who work cohesively to provide nursing care within the community between the hours of 5pm to 8am, 365 days a year:

**Plymouth:**  
5pm to 8am

**South Hams & West Devon:**  
7pm to 7am

If you require a District Nurse during these hours please contact Devon Doctors on 0845 2419 130 who will direct your concerns to the Out of Hours District Nursing service.

All referrals will be assessed and triaged for priority in line with the referral criteria.

You will continue to receive care by day from your current District Nursing Team.
