Introduction

This leaflet explains how you can make a compliment, raise a concern or make a complaint. We will use your feedback to improve our services.

Raising a concern

We want everyone to receive the highest level of service. If you feel we have not achieved this, please speak to a member of staff who will try to resolve the matter straight away.

Making a complaint

If your concern cannot be settled then you may wish to make a complaint. This should be done as soon as possible but no longer than 12 months after the problem has arisen. In exceptional circumstances complaints can then be made later than this.

When you make your complaint your information will be treated in confidence and it will not affect your care in any way.

You can make a complaint by completing the feedback form or contacting the Customer Services department using the details on the back of this leaflet.

Someone else can complain on your behalf if you are happy for them to do so. Also, the Independent Complaints Advocacy Plymouth Service can provide support and guidance for you:

Tel: 0330 440 9000

Email: info@seap.org.uk

What happens after I've complained?

- We will acknowledge your complaint formally within 3 working days and agree with you how long it will take to receive a response
- If you think it would help, we will offer to meet with you to discuss the complaint
- Your complaint will be investigated and we will advise you of the outcome
- We will learn from the experience to stop it from happening again

Unhappy with our response?

If you remain unhappy with our response you can contact the Parliamentary and Health Ombudsman, or the Local Government Ombudsman.

We will provide contact details of which service you need to contact when you receive your response from us.
