

Chance to join the Livewell Foundation Board

The Livewell Foundation is seeking two new trustees to join its Board as it embarks on an exciting year of grant-giving to projects which will transform the lives of people in and around Plymouth.

The Livewell Foundation was founded by Livewell Southwest CIC and registered with the Charity Commission in 2017. It is a charitable initiative which supports projects and proposals that will have a transformational effect on communities living in Plymouth and South West Devon. It provides funding from £500 to £10,000 for projects that will have a positive and enduring impact on people, whether that's by reducing social isolation, improving health and wellbeing, or helping to prevent ill-health.

The Foundation is currently interested in supporting:

- Vulnerable or disadvantaged adults with physical or mental health needs
- Children and young people

Livewell Southwest is an independent social enterprise providing integrated health and social care services for people across Plymouth, West Devon and South Hams. The Livewell Foundation was set up to administer the charitable funds to support the services run by Livewell Southwest and to enable Livewell Southwest to fulfil its community interest purpose by transferring a portion of its profits into the Foundation on an annual basis.

In addition, funds are received from Livewell Southwest employees through fundraising events; donations and legacies are often given by patients in appreciation of the care they received.

It is an exciting time to join the Livewell Foundation as we are about to embark on a programme of fundraising and grant-giving.
